SelectivePrep 7th Grade Standardized Test Preparation Program

Get your child into one of the Chicago Public School's Selective Enrollment High Schools. Competition for admission is fierce and intensifying – last year over 16,000 students applied for about 3,000 available openings.

SelectivePrep offers a 16 hour program to help prepare students for the Spring 2016 Measures of Academic Progress (NWEA/MAP) test that will be used for the 7th grade standardized test score. Scores from this test represent **one third** of the Selective Enrollment admissions score. Additionally, scores from this Exam will play a crucial role in determining whether or not a student is admitted to other competitive programs including International Baccalaureate (IB) and advanced magnet high schools.

To fully prepare students for these more rigorous tests, the SelectivePrep program has incorporated material based on the new tougher Common Core standards into its program.

Registration will start in October 2015!

Tuition for the SelectivePrep 7th Grade Program is \$425. A minimum deposit of \$100 is required to hold your spot, with the balance due the first class.

Class size is limited to 20 students, so don't delay.

Included in this program is a 400+ page Study Guide containing extensive content review and exercises. We will offer Math/Verbal Clinic(s) to provide students with additional review opportunities and our Instructors will provide feedback on your child's progress.

To sign up – call us at 312-409-8411 OR register on www.selectiveprep.com, hit "[Register for a Class](#)" and choose the appropriate program under the "[7th Grade Programs](#)" section.
